SCHOOL SPORTS NOTICES

Cricket: Awesome win today by the BIS Eagles against Motueka. The boys elected to bat first, changing time honoured tradition of preferring the chase, so that in this years format of the game, all players would still get a chance to bat. The pressure was on. The boys needed to set a high score and still play through. We finished, all out on 86 after 28.4 overs. Motueka started the chase well, but our fielders and bowlers stood their ground making it extremely hard for the opposition with them finishing, all out for 56 after 26 overs. The Eagles are working as a team with magnificent displays of batting and bowling, and Player of the Day was well deserved by Max Baker, accumulating 10 runs, and taking a wicket and a caught & bowled.

Student Writing

The slow stream of rain drops on my forehead sent tremors through my fingertips. My feet were slipping on the thick residue that coated the grass. I stretched to see through the sea of people. The metal beast hummed and purred before suddenly flying forward. The driver hit the breaks but the wheels spun across the slick asphalt sending the car hurtling forward. The machine crashed into the cardboard figure sending the crowd into a roar of laughter. As the noise died down everyone drifted away.

Did you know?

A lunchbox does not need sugary snacks or packets to be yummy!

Keep lunchboxes simple and full of real kai to fuel busy children.

Healthy ideas for hungry children are sandwiches, mini pizzas, wraps, fruit, raw veggie dippers with hummus, hard boiled eggs, cheese cubes or sushi.

Water is the best choice for drink bottles.

Health Bytes: Role of sleep

Sleep is important for children's learning and behaviour. Sleep helps to restore physical and mental health and keep our memory and immune system on track. Sleep also helps children's brains grow.

Children who do not get enough sleep may not be able to learn to their full potential.
