**Tena koutou katoa!**  
**Nau mai, haere mai ki te kura o Broadgreen**

Currently our health programme is focussed on anti-bullying strategies. This issue featured nationally in the media recently and we held a 'pink shirt' event last Friday. Below is information that is currently shared with our students and may be useful to you.

Did you know that more than half of students who are bullied don't report it to school staff?

Bullying is when someone hurts or upsets someone else on purpose, usually more than once.

- Bullying can happen face to face, on line or on mobile phones
- It can be done in front of other people or when no one else is around
- Bullying involves a power imbalance based on things like physical size, age, gender or social status

Bullying can be;

Physical – hitting or taking/damaging someone's property

Verbal – saying, writing or posting nasty things, name calling, threats

Social – spreading rumours, sharing offensive pictures or videos, excluding someone from a group

In New Zealand when students see bullying happen;

54% watch it

25% step in

21% join in

Bullying stops in 10 seconds for 57% of the times when someone steps in

This term's virtue is responsibility. The stopping of bullying is a collective responsibility of our school, caregivers and students. We all have a significant role to play including;

- Teaching students to break the 'code of silence' and report bullying as soon as possible to their teacher or one of our deputy principals so it can be followed up accurately and seriously
- Shifting of students thinking from being a 'bystander' (watching), to an 'upstander' (intervening) of bullying incidents by the teaching of a variety of strategies.
- Challenging the culture of 'bullying should be a part of our growing up' experience.

If you have any concerns please contact your son or daughter's teacher. Our experience is that on most occasions we are not aware that bullying is taking place because it is not witnessed by teachers, nor reported by students. However, once identified and adults intervene it stops quickly in the majority of circumstances.

I wish you a safe and enjoyable Queen's Birthday weekend

Kind Regards

Derek Lucić

## SPORTS

There are many sports you can play at Broadgreen and football is one of them. Our girls football league is in full swing after playing our first 2 games in the season. With 18 players we started practicing and playing against our competition, Waimea and Nelson Intermediate, on Monday afternoons, after school. Our first game we won against Waimea 4-1 to Broadgreen. Gabrielle Walton scored 2 goals with Tegan Jessop and Ella Ricciardi each scoring one. Our deserving player of the day was Lara Edmonds. But our second game we lost to Nelson 2-1. Gabrielle again scored our only goal with Alex Mallory as our worthy player of the day. But while it may have been Gabby or Ella who kicked the ball into the goal, it is always a true team effort. A big thank you to Aaron Lyttle who was the referee in our past 2 games and to the wonderful Mrs. Ricciardi who is our encouraging coach.

#### S'Mores

The very first time I had a s'more was on a lovely, sunny Thursday morning. Huge swarms of kids erupted from all directions. They were all waiting for s'mores.

Everyone lined up, and got 2 marshmallows to murder in the fire. Then they would get crushed by two chocolate thins. And finally, they would get eaten *ALIVE*.

As I waited in line, I watched the calm, slow dance of the fire. Smoke flew like thunder clouds erupting from the fire, like a wildfire with the rain to put it out. The fire danced its slow calm dance, and wrapped itself around the marshmallows.

Finally it was my turn. I got my marshmallow and stabbed it, and let the fire lick it with its red hot tongue. With each lick, the marshmallow got darker and blacker, like the night sky. Then I got my chocolate thins and crushed my marshmallow with them.

I opened my trap, and "crunch crunch," down they went. The taste was amazing, full of chocolate, and very crispy.

Suddenly, a truck rolled up with a trailer behind it. Everyone clambered in, and we zoomed off back home. Up the drive, down the drive, up the hill, down the hill, we went, all the way back to the homestead, with the taste of the s'more in my stomach.
